ELVIS PRESLEY

by FRANCES S.

To most girls now-a-days, Elvis Presley is just "the most"! With his crazy guitar and cool side-burns he seems to put his fans in some sort of trance. Some sit staring with a dazed look in their eyes, others jump up and yell, It's Elvis Presley and then swoon.

Incidentally, Elvis P. is 21 years old and hails from Memphis, Tenn. Before he took up the "gee-tar", he made \$35 a week driving a truck in Memphis.

Elvis usually averages about three broken guitar strings a performance, and

choice of a country fried chicken or shrimp. The money for the dinner must be in Tuesday April 17th. A formal dance will begin at 8:30 at the Civic Center on Orange Street. It will be 50¢ for people who do not attend the banquet.

Boys must wear coats and ties; girls short or long formal. Anyone may come to the dance.

The program committee has worked up a good program for all to enjoy. The orchestra committee has got Al Dohany's Band to play the dance music.

The favor committee has chosen some real cute favors for us.

S. G. A.

by Judy K.

As you all know, our S. G. A. has been working to-

papers thrown all over the ground, etc. It doesn't look like the students care much about how their school looks.

We certainly do not want people to get a bad impression of our school upon first seeing, so let's try to keep the grounds cleaner.

Since having the garden club, we've improved some, but not quite enough. If we all throw our trash in the cans provided, we won't need a garden club at all.

Let's go all out and really clean up our school.

The HIGHLIGHT SPOTLIGHT focuses on JOE TRIVETTE

Joe was born in Tazewell, Virginia, on July 3, 1928. So that makes him 28 years old. He has been in Florida for 4 years.

He started his career in radio in 1949. Now he is working as a Disk Jockey and staff announcer at W. L. A. K. He would have been a bum, but needed money. See, he got a job. He chose radio because it seemed easy. He is pro-

Judy - My grandpa had a wooden leg.

Don - Well, my grandma had a cedar chest.

Then there was the fellow who heard a good joke and was going to take it home, but he decided that was carrying a joke too far.

Bob - My father is an Elk, a Lion, and a Moose.

Pete: How much does it cost to see him.

Mike - Your overcoat is rather loud.

Spike:- It's all right when I put on a muffler

Smarty - I've been hunting with my dad. We brought back four rabbits and a potfer.

Arty - What's a potfer?

Smarty - To cook the rabbit

Ray - Did you hear the one about the bed:

May - No.

Ray - No wonder, it hasn't been made up yet.

ward getting a couple of things for the school this year. We have already bought two water coolers for the boys' and girls' gyms, and are planning to buy a three speed phonograph, and records for the lunchroom.

The S. G. A. 's is also planning a Stunt Night to be held in May. We hope to have a good turnout.

At the last meeting it was suggested that we have a bowling team. This will be looked into. Mr. Stack asked if the judicial court could begin meeting, and he was told it was ready to meet.

The S. G. A. will, also begin planning the election of next years S. G. A. officers.

EDITORIAL

Upon first seeing a place, doesn't it's appearance give you a good or bad impression. Of course it does. Now just pretend for a minute that you were seeing Junior High for the first time. Just look,

...ly better known to the kids around school as the mixed-up Disk Jockey on "Spinsational".

Here are his opinion on:

1. Elvis Prestly - Another Johnny Raye. He has a very emotional style of singing.
2. Gail Storm - A very pretty girl and a wonderful singer.
3. Rock & Roll - Just a fad and it will be here until something elae the kids like better comes along.
4. T. V. - It hasn't hurt the radio business as bad as some people think. We have shared our night time audiences with T. V., but as for music and news the radio is best.
5. Teenagers - A bunch of crazy mixed-up kids, but I love 'em all, every last one.

Yes sir, that's our Joe!

GOSSIP GAZETTE

Well, well! Are "hen parties" back in style? It sorta-looks that way. Doesn't it, J. G., M. M., C. C., W. S., Tiger, P. H., other P. H., I. C., M. C., B. M., and C. B.? Also . . . what happened to those poor lighting bugs?

How were the eggs and Litch, Mike, Billy, Streater and Harold? And how was the poor cow, Eddie?

Bill, you are going to have to watch out for those bones. You must have been looking one way and walking the other.

What's this we hear about P. H. and R. H.?

It sure is good to see Ginny and David together. We all elect them "cutest couple" of the month.

From what we hear Gail had better leave Frank alone. Agreed, Patty?

Dale seems to have his eye on somebody! Could it be Tiger, Dale?

THE HISTORY OF BEZBALL

Bezball was invented or evolved by the Russians as Prava puts it, in the year 1957. It is a comparatively old game and owes its basic popularity to the age-old fascination of striking and catching a flying missile.

It was really set down in a diamond shaped field, and rules laid down by Aleshandu Sha Carkroot in Moscoe in the year 1917. The Lower Slobbovians took it up and made a few alterations to the game such as bases 90 feet apart, overhand pitching, and other things

Then it came to America where in the 1920 along came a monster named "Babe" Ruth whose longest hit was a 550 foot high fly to the catcher. It took five minutes to come down and the catcher missed it. By this time "Babe" had walked around the bases and make a home run.
